

The Didsbury Pioneer

VOLUME 49: NUMBER 39

Gas Franchise Offered To Canadian Western Gas Co.

At the final meeting of the representatives of the towns between Calgary and Red Deer at Olds recently it was decided to offer the franchise to supply all the towns with a natural gas franchise to the Canadian Western Natural Gas Company. All towns voted in favor of the necessary resolution with the exception of Olds, which still favored a plan submitted previously by A. G. Bailey Company, although at the meeting no other was read from this latter company stating it wished to withdraw from further negotiations on a gas franchise.

Now that the negotiations for a gas franchise have reached this point, it seems assured that the town of Olds, Calgary and Red Deer will have the opportunity of obtaining a natural gas supply. However, before any definite construction work can begin the Town Councils must ratify the proposed franchise to be presented shortly by the Canadian Western Natural Gas Company. In view of the necessity by law authorizing the granting of the franchise will have to be submitted to the Board of Public Utility Commissioners, and if favorable a final vote by the ratepayers will be necessary before the franchise can be granted in agreement with the gas company.

In the meantime it is understood that the Gas Company is making preparations to start construction work on a gas line from Airdrie north just as soon as approval is obtained from the various town and village ratepayers.

First Snow Fall Delays Harvesting Operations

The weather took a sudden change last Wednesday when skies clouded over and northern winds brought a chill to the air. However, cutting and harvesting continued in most parts of the district until Saturday when the ground became too damp to cut or thresh.

Saturday night the odd snow-flake was visible and temperatures dropped below the 30 degree mark for a few hours. On Sunday morning a light snow covered the trees and shrubbery, as well as the swathed and stacked grain in some parts of the district, but by early afternoon the snow became heavier and continued during the night to bring two more inches. Sunday night another two inches of snow fell, and while the weather appears to be clearing the ground is still covered with the wintry mantle.

With the snow came colder weather and temperatures dropped to around 20 degrees.

With the snow and north winds came ducks and geese ahead of the storm and several flocks of Canada geese were reported in the areas both east and west of town on Sunday. Some hunters braved the cold and harvested today, continuing in an endeavor to get a Canada goose, but so far no geese dinners have been reported in the offing.

Zella W. I. Hears From Former Member In B.C.

Mrs. Wilfred Spooner was the hostess for the September meeting of the Zella W.I., held Thursday afternoon with twelve members and one visitor present.

After O Canada and the Creed, the meeting proceeded to the roll call by giving ways to improve our own Institute, with minutes and business following.

Mrs. E. Lowrie gave her report on the Didsbury Conference, held over from the previous meeting, and a brief discussion on handcraft exhibits followed. Mrs. Lowrie also presented an open topic entitled "Alberta's Menace by Earthworms."

The secretary read an interesting letter received from Mrs. Leon Grace telling of their trip through the western states of the U.S.A. and finally in their home in Sidney, B.C., which they have named "Journey's End."

Mrs. John Hansen was the recipient of a baby's gift.

The new officers conducted by Mrs. Knights, who had the ladies guess their waistline by judging a piece of string laid on the floor. Most deceiving, we might add.

Mrs. E. Waldhoff and Mrs. Knights received Secret Sister gifts.

The guest, Mrs. Smith of Black Diamond, was the principal.

The next meeting will be held at the home of Mrs. Mike Knights on Thursday, October 13.

It was gratifying to see so many members present in spite of the busy harvest season.

With the exception of a delicious luncheon by the hostess another pleasant afternoon was brought to a close.

Mountain View W. I. Donates to Institutions

The Mountain View W.I. held its September meeting at the home of Mrs. McAllister on Thursday, Sept. 20, with eight members and four visitors present. Roll call was "a book." I have read and why I liked it."

It was decided to order five books from the Gov. Gen. Awards for the W.I. and interested friends as a citizenship project.

A motion was made to forward \$100 to the Grace Hospital Fund and to the Unitarian Service Fund.

A discussion was held on handicrafts.

Mrs. Otto Bittner won the "bit of fun" and Mrs. Walter Pratt won the ten cent award.

Two persons showered the food hospital was held by members and friends.

After God Save the King, Mrs. E. Atkinson served a very nice lunch, and Mrs. W. E. Stiles displayed some lovely pictures.

Joyce Archer Wins I.O.D.E. Scholarship

Joyce Archer, daughter of Mr. and Mrs. Condie Archer, has won the Mons Chapter I.O.D.E. scholarship for 1950-51.

This is the first time this scholarship has been offered by Mons Chapter, and it is the intention of the chapter to award it annually to a girl who has demonstrated she seems the highest standing in the examinations, and who has participated in the extra-curricular activities of school life.

The scholarship valued at \$50, and is to be used to further the winner's education at some recognized institution such as university, business college, school of nursing, etc.

Joyce passed an average of over 82 per cent, and she was editor of the school paper "Sahakar" for 1949-50. She does not plan to continue her studies this year, but the Chapter has decided to hold the fund in trust for her for a year.

H.S. Students' Union Elects New Officers

On Friday, September 21, the students of Didsbury High School assembled to elect their 1950-51 Students' Union Executive. The following were elected:

President, Gordon McNaughton; Secretary-Treasurer, Carol Levenson; Social Committee, June Klinck (co-chair), Pat Levenson, Marlene LeGrand, Shirley Remie, Twila McCoy.

The election of a sports committee was postponed until a more convenient date.

The annual initiation of the new Grade X class will be held in the near future, and citizens are reminded that the weird figures seen on the streets will not be visitors from Mars, but the suffering fleshmen.

The election of a sports committee was postponed until a more convenient date.

The annual initiation of the new Grade X class will be held in the near future, and citizens are reminded that the weird figures seen on the streets will not be visitors from Mars, but the suffering fleshmen.

Created and signed by The House of Seagram, this advertisement, with appropriate copy for foreign lands, is appearing in magazines and newspapers printed in various languages and circulated throughout the world.

Seagram TELLS THE WORLD ABOUT Canada

This advertisement was designed by The House of Seagram to tell the people of other lands about Canada and things exclusively Canadian.

Many people in Latin America, Asia, Europe and other parts of the world are not fully aware of the richness of Canada's natural resources, wild life, scenic beauty and cultural traditions. The more the

peoples of other lands know about our country, the greater will be their interest in Canada and Canadian products.

The House of Seagram feels that the horizon of industry does not terminate at the boundary of its plants; it has a broader horizon, a farther view—a view dedicated to the development of Canada's stature in every land of the globe.

IN MEMORIAM

In loving memory of our dear daughter Nancy (Fisher) who passed away on September 30, 1950. No one knows how much we miss her.

It sure was hard for us to part; But God knew best And took her home with Him to rest.

Ever remembered by Mother, Dad and Families.

TOMORROW ALWAYS COMES . . .

There are only three days in the week—yesterday, today and tomorrow.

Which is the most important to you and to me? All three are important for three simple and fundamental reasons.

Yesterday is important because the enthusiasm, initiative and industry you showed then will be at your command with less effort to day.

Today is important because it can be shaped by your efforts until it becomes yesterday. The constructive things you do today can easily become different tomorrow.

Tomorrow is important and is the day that can hold better things for you than your job, your family, and your life. Tomorrow always comes, contrary to the old saying, and the best way to meet it is to prepare for it.

Today is three of these important days—yesterday, today and tomorrow, are your servants and will do for you just what you make them do no more and no less.

You can make tomorrow bear the fruits of a successful yesterday and today. It all depends upon YOU!

CHRISTIAN SCIENCE

The people who have complete
and permanent healing, the
reach of all will be glorified Sunday
in Christian Science churches.
The Lesson-Sermon is entitled "Real
Joy" and is comprised in passages
similar to these: "And Jesus went
about all Galilee, teaching in their
synagogues, and preaching the
gospel of the kingdom; and healing
all manner of sickness and all maner
of disease among people" (Matthew
4:23). Let unselfishness, justice,
kindness, love—the kingdom of
God—reign among us, and sin,
disease and death will disappear
until they finally disappear." Science
and Health with Key to the Scrip-
tures, by Mary Baker Eddy, p. 248.

SERVICE
BOARD
NOTES

W.K. Snyder,
Field Supervisor

RELIEF FROM ONE WORRY

The wheat crop in the prairies is
estimated by the federal bureau of
statistics at 549 million bushels,
production of oats at 327 million
bushels, and barley at 232 million
bushels. This is a total of 1,102 mil-
lion bushels for these three grains.
If the surplus from this enormous
production had to be marketed
under the speculative system,
the farmers would be experiencing
a great deal of anxiety at the present
time. With the hundreds of
thousands of grain producers
to be marketed under conditions of
over-burdened rail and lake trans-
portation and with a considerable
degree of congestion in grain elevators,
there would be no incentive for any
"army of speculators" to risk their money in carrying hedges
on hundreds of millions of bushels
of grain.

Farmers in the prairie provinces
have plenty of trouble this season
with rainy weather, late crops, lack
of elevator space and shortage of
farm labor. If the worry and anxiety
of selling on the speculative
market were added to the farmers' problems,
it would increase their burden immensely.—Wheat Pool
Bulletin.

PROSPERITY AT PEAK

It looks now as if Canada's produc-
tion of goods and services would
have a slight increase in volume (figure of \$20
and three-quarter billion), up to 14
per cent from 1950 and an increase
of four per cent over the original
1951 estimate. And the more it grows,
the more potential political dynamite it contains.

Reason for the big mid-year boost
is the larger amount of new wheels
and tires sold in Western Canada,
foreseen by latest estimates.

Measured in "constant" dollars,
the 1951 increase would be about
seven per cent—the most phenom-
enal expansion rate in Canadian
economic history during a time of full
employment.

A two and three-quarter billion
increase and one-half will accentuate
the tax surplus/pension problem
with which the Government is
wrestling.

Quite apart from what might happen
to expenditures, it now appears
the federal revenues will exceed by
\$200-\$250 million the original Abbot
estimate of \$3,750 million.

It is to be introduced into the old age
pension program any new taxes imposed
for that purpose would leave the Government in a highly
unpopular political position, unless
there is a corresponding reduction
in some present taxes to make way
for the new contributions.

—Financial Post.

Tough Law For
Drinking Drivers

An amendment to the Criminal
code, approved June 30 reads:

"Everyone who, while his ability
to drive a motor vehicle or auto-
mobile is impaired by drink or any
drug, drives a motor vehicle or
automobile, or has the care or
control of a motor vehicle or auto-
mobile while it is in motion or
not, is guilty of an offence and is
able upon summary conviction on
conviction under indictment,
upon conviction under indictment,
or upon conviction for an offence
imposed for a term not exceeding
three months, or to both time and
fine."

For a second offence to a term
not exceeding three months and not
less than 11 days; and

For each subsequent offence,
to imprisonment for a term not ex-
ceeding one year and not less than
three months.

Also under the act, a person
who occupies the seat normally
occupied by the driver, shall be de-
termined to have control of the vehicle
unless he can prove he did not enter
it to start it in motion.

Too, chemical analysis may not
be admitted in evidence in an effort
to prove or disprove that the
person was drunk or under
the influence of a mind-altering
drug.

However, no person is required
to give a sample for analysis and,
should he refuse, the fact is not admissible
in evidence against him.

Ultra-Modern Robins

Our people at the Kingston
plant enjoyed watching a couple
of robins build a nest with
shreds of aluminum foil. The
robins seemed delighted to
find their new building material
so easy on the wings, so
soft, so cozy. But . . . A wind
arose. The nest was so light
that it blew away. The robins
rebuild with the same material,
but more firmly anchored.

While we have no ambition
to supply the world's robins
with nest-building material,

we do offer aluminum
for home building, lumber
and for the thousand other uses of
this modern metal. Therefore,
our large expansion pro-
gramme in Quebec and British
Columbia. Aluminum Com-
pany of Canada, Ltd. (Alcan).

Q In face of the high cost of
body repairs, why don't
you have detachable
fenders?

A It would seem that some
manufacturers have sacrificed
the practical for styling. All
Dodge fenders are bolted on and
can easily be removed to facilitate
replacement or repair.

Q How can I stop my gas lines
from clogging with dirt?

A With most cars there's no sure
way of stopping dirt from getting
into your tank without time and
cleaning to time. In cold weather
stop the tank with a cap and
this reduces the amount of con-
densation. With a 1951 Dodge, at
colder temperatures experience this
same trouble. Then have your
gasoline equipped with an filter and filter
located in the gas tank which
keeps the gasoline free from dirt and water.
With a self-cleaning action
of the gas tank from the switching action
of the gas tank.

Q Why do my windshield
wipers stop working
sometimes stop working
when I accelerate my
engine — often when
I need them most?

A That's a little answer in simplest
terms. Your wiper is a
vacuum type and depends on
the vacuum in the intake manifold.
This vacuum is highest when the
engine is idling — lowest when the
engine is under full load, such as
when you are accelerating.
So when your vacuum wipers slow
down, with the new Dodge cars
you do not experience this trouble
as they are equipped with constant-
speed electric windshield
wipers.

Q How can I best protect my
engine from the dust and
abrasives which collect in
the oil?

A You can't do much to prevent an efficient
oil filter, if your car is kept so
clean. Not only are all
Dodge Coronet and Regent models
equipped with a highly efficient
Magnetic Oil Filter, but standard
equipment that ordinary oil filters
will not do the job. The magnetic
filter gives you added protection with a
Floating Oil Intake. This type of
filter collects the oil from just below the surface, pre-
venting both surface foam and
bottom sludge from entering the
oil lines.

THE SIGN THAT SAYS MORE FOR YOUR MONEY

-: DISTRICT NEWS:-**WESTERDALE NEWS****South West Didsbury**

Mrs. A. Jackson suffered a painful accident last Saturday noon when she slipped and fell at the back door step of her home, breaking her right arm just above the wrist.

The quilting bee is being held at the home of Mrs. A. Buckley on Thursday afternoon. The quilt is being made for Mrs. Campbell, who had the misfortune to lose her home recently.

Cold weather has interrupted harvesting operations, and only a few farmers have completed all their cutting.

WEDDINGS

TIGHE—SCOTT

White gaudy and early summer flowers decorated Chilliwack Unitarian Church on Friday, August 21, for the wedding ceremony which united in marriage Jessie Mary Etta, youngest daughter of Mr. Harold Tighe, 109 Lewis Ave. West, and Lawrence Leslie Scott, elder son of Mr. and Mrs. W. Scott, 273 Hope River Road. Dr. Geoffrey Givens officiated.

Hand embroidered by the bride's mother was the finger-tip illusion net veil which misted from a comet embroidered with seed pearls. Cut on classic lines, the bride's white satin gown had a v-neckline and long point sleeves. The skirt was gathered at the waist and of overlace. The bride's only ornaments were a gold locket, a gift of the groom, and a hairpin pin of her great grandmother. Cardinals and American beauty roses were in the bride's bouquet.

Mr. V. Barnes of Tacomia, Washington, gave the bride in marriage.

Two sisters attended the bride. Mrs. Alice Gillies, Didsbury, Alberta, was matron of honor, and Mrs. Dorothy Sterling, New Westminster, British Columbia, was maid of honor. Two frostpoint nylon dresses of milie green and blue respectively. Both had headbands and mitts to match their frocks, and they wore identical matched sets of necklace and earrings. A gift of the bride.

Many guests attended with pink carnations were in the church for the matron of honor, while the bridesmaids carried yellow gladioli centred with pink carnations. Clifford Armstrong of Chilliwack was best man and Douglas Sternig of New Westminster was second groom.

The bride's mother was attired in a dress of royal blue with white accessories and a corsage of pink carnations, while the groom's mother wore a green dress and matching accessories. Her corsage was also pink carnations.

The bride and groom's wedding cake, made and decorated by the bride's mother, graced the bride's table.

George Payne proposed the toast to the bride, to which the groom responded.

After a wedding trip to Vancouver and New Westminster the couple will reside at 273 Hope River Road, Chilliwack, B.C.

More than 13,000 buffaloes are found in five of Canada's National Parks. These are Elk Island, Elk Banff National Park in Alberta; Riding Mountain National Park in Manitoba; Prince Albert National Park in Saskatchewan; and in Wood Buffalo National Park in northern Alberta and Northwest Territories.

The time to have heifer calves castrated against Bangs is between the months of four and eight months of age. Don't fail to have yours done this fall.

It is interesting to note that the Federal Government, acting on the request of the Saskatchewan Dept. of Agriculture, has purchased all of Saskatchewan as a special area for the eradication of Bovine Tuberculosis. This is a natural follow-up to the program such as followed in Alberta.

The farm labour situation this fall has been a problem of the Eastern harvesters came in earlier very wet week and were rather difficult to place, but I did not cancel a single order, for about three times as many men were needed. However, since that time no more Eastern workers have come to my office but I could have placed 12 to 15 men any day during the last two weeks. Only a fraction of that number have appeared. If any town people have any spare days they could be of real value to the farm in helping out a critical labour shortage.

Much grain will have to be stored on the farms this year. One company is offering canvas bins for sale. A very cheap method of storing grain is to use a large, loose Eastern style sack in a conical position. Put straw in the bottom and around the sides. Heap in the centre to form a cone and then cover with straw or sheaves.

LITTLE ITEMS OF LOCAL INTEREST

The Ladies' Auxiliary to the Canadian Legion are holding their regular meeting on Thursday, September 27th, at 8:30 p.m., in the Mason's Banquet Hall.

Miss Grace Thompson of Regina visited in Didsbury last week with her mother, Mrs. Charlotte Thompson.

Mr. and Mrs. Chas. Ewing and two daughters of Edmonton visited Thursday afternoon with Mr. & J. R. Roodean, on their way to Banff and Fernie.

The St. Anthony's Altar Society will hold a Chicken Supper in the Lions' Hall Saturday, October 6 from 5 to 8:30 p.m. — 26

—Don't forget the Midnite Preview at the Didsbury Opera Theatre on October 5th, when the family feature "Three Guys Named Mike" will be shown.

Wilfred Morris of Edmonton visited last week with his brother, Tom, and family and put in his half day shooting on the Morris farm.

Mr. Henry Modland arrived last week from High River and is now working on the electrical equipment at the Didsbury Electric. Mr. Modland is rated as a first class radio technician and will be able to give prompt service on all makes of radios.

Mr. W. A. Austin received word from the Acting Commissioner of the Alberta Division of the Canadian Red Cross Society on Friday that a two-bed ward in the new Crippled Children's Hospital in Calgary, which was furnished by the Didsbury Branch, would have a plaque on the door bearing the inscription "Donated by Didsbury and District Red Cross Branch."

Kenny Morris has enrolled for the term at Mount Royal College in Calgary and started classes Monday of this week.

Charlie Newton arrived last week to take over the management of the local Builders' Hardware Store at the first of the month. Trey Evans, who has been local manager for the past four years, has resigned to take over the management of a new Victoria B.C. which he and his family have purchased. Mr. and Mrs. Evans and family expect to leave for Victoria at the end of October.
